

SpiderWebShow invites you to join a national **HACKATHON**

**November 15, 2014**

**What's a HACKATHON?**

**People doing the same thing for a period of time. Fun right?**

It's a way to get the Canadian theatre told. We become digital pioneers creating our own database of theatre companies and artists in Canada. Our story matters to us.

November 15, 2014 - Grab your laptop, and get ready to add your Theatre Company, or artist/maker page to the site.

**Enough space for everyone who wants to be there.**

Confirmed **HACK** sites: Victoria, Vancouver, Calgary, Edmonton, Regina, Toronto, Montreal, Ottawa, Sackville, Halifax and St. John's. More venues are joining the **HACK** by the digital minute

**3 hours dedicated to getting us on the web. We will give you the tools to make it so.**

**What's your time zone?**

1000 – 1300	Pacific
1100 – 1400	Mountain + Saskatchewan
