**Message from Honourable Maureen Kubinec
Minister of Culture and Tourism**

As Minister responsible for culture and tourism, I am pleased to offer warm greetings to the participants of the 2015 Theatre Alberta Artstrek Program.

Every aspiring theatre star must begin somewhere and, in our province, one of the best places to start is at the Theatre Alberta Artstrek summer school. Guided by seasoned professionals, young people will have the chance to explore and examine the depth and scope of their imaginations, refine their techniques and hone their skills while making new friends and gaining lifelong experiences. It is sure to be a busy summer creating rich rewards that will last long after the program ends.

My warm thanks to Theatre Alberta and the many educators and parents involved for leading the charge in creating a strong and vibrant arts culture in Alberta.

Best wishes for another successful Artstrek!

Maureen Kubinec
