

## **Website Intern Posting**

Urban Curvz is seeking a Website Intern to transition its website from a Wordpress platform to another more manageable and aesthetically pleasing platform. The Website Intern will be in charge of presenting the options for platforms to Urban Curvz with their recommendation and, once a platform is selected, the Intern will build the site and transfer all of the content. Following that, the Intern will train the other Urban Curvz members on how to use this new platform.

We are aiming to launch the new website in time for Urban Curvz's AGM in mid to late August. Training for the platform can occur afterwards.

This internship is made available through **Serving Communities Internship Program** (SCiP), for which the Government of Alberta offers \$1000.00 bursaries. All applicants must be eligible for SCiP to receive the bursary upon completion of the internship. For more information on SCiP, please visit [joinscip.ca](http://joinscip.ca).

To apply for this internship, please visit: <http://joinscip.ca/edit-internship/?id=1662>

**Application Deadline:** Saturday, July 12 at 11:59 PM MST

**Interviews:** Tuesday, July 15 or Thursday, July 17 in the evening
